TOUR SERIES

CARBON QUOTIENT: 100

The TOUR Series is a result of continuous developments to achieve the ultimate level of stiffness for a hockey stick featuring the latest technologies.

Despite a targeted weight of 515g (+/- 15g) the TOUR delivers the highest level of power in the hockey arena.

FEATURES

- Kraibon® Technology
- Light Feel Lay-up
- 6K Carbon Finish

BLUE STEEL

CARBON QUOTIENT: 95

The innovative manufacturing process has created a combination of a super responsive touch and extreme power. The natural and smooth feel gives you the ultimate control on the ball allowing you to execute at the right time while the lay-up is designed to offer an extraordinary weight & balance.

FEATURES

- Light Feel Lay-up
- A-Tech Fibre
- Power : Extreme

STRIKER

CARBON QUOTIENT: 90

The Taboo Striker offers the smoothest ball touch of all elite sticks. Its' lightweight, natural feel provides ultimate control when executing skills. With more give compared to the stiffer sticks, the Taboo Striker provides high class power when it comes to ball speed.

FEATURES

- Light Feel Lay-up
- A-Tech Fibre
- Power : High Class
